

SHELL

Acoustic pendant

Design by: Monica Förster

Shell is an acoustic pendant, a sculptural piece of sound absorbing art, constructed of several hemp sheets that contains amazing sound absorbing and aesthetic qualities. The sculptural shells shows the beauty of the natural hemp fiber.

Shell is very well placed in different kinds of interiors in need of a healthy sound environment and a beautiful atmosphere, for example such as public spaces, restaurants, offices and private homes.

Shell also provides a negative carbon footprint, is recyclable, comes in a flat pack and is easy to hang.

“When Monica Förster was designing Shell, she started with the flat hemp fiber sheets and experimented with different shapes by folding them into three dimensional shapes.

- Color: Natural hemp fiber, off white
- Material: Hemp fiber, Negative carbon footprint
- Size: 1600x 480 mm
- Light-weight and easy to hang.
- Eco-friendly and sustainable.
- Ceiling Mounting: To mount securely in place on the ceiling, this pendant requires stainless steel knots with wires(included).
- Care: wipe clean with a water dampened cloth or brush surfaces.
- Packaging in a flat box.
